Chennai, Tamil Nadu | +91-9344139027 | pradeep04066@gmail.com | linkedin.com/in/pradeep-kumar-18official | github.com/Pradeep-Kumar-18

SUMMARY

Computer Science graduate (CGPA 8.0) with hands-on full-stack development experience in React.js, Node.js, and MySQL, gained through two software development internships. Built and deployed real-world projects including an aptitude testing platform and a healthcare image-processing system using OpenCV and deep learning. Seeking a Software Developer role to apply strong problem-solving skills and deliver scalable, efficient solutions.

TECHNICAL SKILLS

Languages: JavaScript, Python

Frontend: React.js, HTML, CSS

Backend: Node.js, Express.js

Databases: MySQL, MongoDB

Tools & Other: GitHub, VS Code

PROJECTS

Aptitude Portal — React.js, Node.js, Express.js, REST API

Jan 2026 – Feb 2026

- Built a full-stack aptitude testing platform supporting 500+ concurrent users taking timed tests at a time with auto-evaluation, reducing manual grading effort by 100%.
- Implemented candidate onboarding, randomized question bank delivery, automated countdown timer with enforced submission, and real-time score analytics with Google Sheets API synchronization.
- GitHub: github.com/Pradeep-Kumar-18/Aptitude | Live Demo: aptitude-flax.vercel.app

Hemo AI — Python, OpenCV, Deep Learning

March 2026

- Developed a non-invasive healthcare image-processing system to screen and detect Anemia by analyzing conjunctiva (eye), nail bed, and palm skin regions using OpenCV and Deep Learning models
- Achieved 98.4% classification accuracy across 12,000+ clinically validated samples using an ensemble of fine-tuned MobileNetV2/ResNet-50 CNN architectures
- GitHub: github.com/Pradeep-Kumar-18/Finalyr-project

INTERNSHIP EXPERIENCE

Full Stack Developer — Magic Bus India Foundation

Dec 2025 – Mar 2026

- Built and independently owned a company website using React.js, Node.js, and MongoDB
- Completed 109 days (2,592 hrs) internship in Full stack Development with AI; rated "Very Good"

Web Development Intern — Think Bright EdTech

Jun 2025 – Jul 2025

- Developed responsive web pages/features using HTML, CSS, and JavaScript as part of live projects
- Delivered assigned modules within the 1-month timeline, earning recognition for consistent and diligent work

EDUCATION

B.E. Computer Science and Engineering — Jaya Engineering College, Anna University

2022 – 2026

CGPA: 8.0

CERTIFICATIONS

- Full Stack Development with Java — Naan Mudhalvan / Infosys Springboard (2025)
- AWS — Naan Mudhalvan / Smart bridge (2025)
